Drive Operational Excellence with the #1 ERP System for Healthcare

Workday provides a cloud-based finance, HR, and supply chain system to help you boost performance and sustain your mission of care. Whether you're a large healthcare network, children's hospital, an outpatient clinic, or a post-acute care provider, Workday delivers a complete picture of your organization through the power of a single system. With Workday, you can better manage resources, adapt quickly to change, and attract, develop, and retain the best talent.

- Surface insights and drive better decisions by combining real-time transactions with rich data from external sources.
- Remain agile with flexible business processes and organizational structures to support evolving care delivery and business models.
- Increase efficiency with automated workflows and a comprehensive mobile app that lets staff remain focused on patient care.
- Engage talent with frictionless onboarding, credentialed learning, and a personalized interface for self-service.

“Providers and payers demand better performance, usability, and interoperability from their vendor partners every year. Best in KLAS winners set the standard of excellence in their market segment. Earning a Best in KLAS award should both excite and humble the recipients. It serves as a signal to providers that they should expect only the best from the winning vendors.”

– Adam Gale, President, KLAS
