

Workday Launch Now

Quick start, ongoing success.

With a preconfigured approach based on our successful past deployments, **Workday Launch Now** is the fastest way to unlock the power of Workday and realize value faster by getting you up and running in a predictable time frame.

Available Packages

- Workday GO for HR
- Workday GO for Finance
- Workday GO for HR & Finance

Fastest time-to-value.

Deliver the fastest time-to-value with a preconfigured scope and self-guided, in-product configuration utilizing Workday's step-by-step guidance to set up your system. Once you are live, you'll have access to 100 hours of Workday **Expert Assist**, or a partner equivalent, to support the rolling adoption of features.

- **Feature-rich preconfiguration:** We give you a **robust foundation** to build upon as your business needs evolve.
- **Step-by-step Guidance:** Use our **in-product features** to guide your Workday configuration, tailored to your needs.
- **Simple data transformation:** Provide your data as is; **we'll handle the transformation.**
- **Built-in Adoption Planner:** Your Workday journey continues post-go-live with the built-in Adoption Planner **to determine next steps** and tailor **Workday to your evolving needs.**
- **Rich ecosystem:** Whether you partner with **Workday** or one of our **certified partners**, you'll have the **support and expertise** needed to go live and beyond.

Key features that deliver value.

Empowering success, our key features are designed to drive impactful results and move your business forward.

- **Go live in 10–16 weeks**
- **Workday Professional Services and/or certified partner engagement** and support throughout your activation
- **Defined outcomes** at a fixed price
- Designed for **small and midsize businesses**

With Workday, you're never alone. Our commitment to your success doesn't end once you're live. You're now part of a powerful community of Workday teams, Workday partners, and your peers, empowering you to get the most out of Workday today and into the future.
